

## **“California OneCare: Full Care, For All, For Less”**

This 14-minute educational documentary explains the reasons that our healthcare system is in crisis and how to fix it. A new health insurance bill introduced by California Senator Mark Leno will provide comprehensive, affordable coverage to all California residents and save money for families, businesses and government. The video explains how the new system will work, how it will be financed, and what it will take to get it passed into law.
